**November 2009**

# College & Scholarship Newsletter

This document is updated regularly.

To view it on-line, please visit <http://schools.bsd405.org/ihs/> and click on *Scholarship Information*.

The College & Scholarship Newsletter will be published each month by the Career/Counseling Center for ALL students.

Copies are available in the Counseling and Career Center, on top of the black Scholarship Cabinet.

Scholarship applications for opportunities within Washington State are filed alphabetically in the top drawer of the cabinet. Opportunities for schools outside of Washington can be found in the second shelf. For more information, please see Mrs. Epstein or your counselor.

SCHOLARSHIPS are non-repayable awards of money, granted on the basis of student achievement. Typically, scholarship selection is based on academic excellence, leadership, community service, financial need, and written or oral communication.

**Major sources of scholarship monies include post secondary schools, professional business, fraternal, religious, civic and union organizations from the colleges and universities. To apply to out of state schools, contact the financial aid office of each school.**

There are many scholarships from local donors offering grants from one hundred dollars to several thousand dollars.

Many such scholarship applications are available in the Career/Counseling Center.

**It is the responsibility of each student to request and complete the scholarship application.**

**BEWARE OF SCAMS:** There are many legitimate scholarship databases, according to the Federal Trade Commission, but there are also scores of fraudulent ones.

Each year, thousands of families get bilked out of the fees they pay these “official looking” web sites and offline services.

**The FTC says to watch out for:**

- ▶ **A company that guarantees a scholarship or your money back, or that says it will do all the work;**
- ▶ **Scholarship services that charge fees for their listings or claim to have “exclusive” information; and**
- ▶ **Services that ask for a credit card number or say you are a “finalist” in a contest you didn’t enter.**

**Scholarships for Undocumented Students**

College-bound students who are not citizens or legal permanent residents of the United States are not eligible for State of federal financial assistance because of their immigration status. In addition, they are generally classified as international students and therefore are required to pay higher tuition and fees. However, the Mexican American Legal Defense and Education Fund (MALDEF) has compiled a list of scholarships that are open to undocumented students. The list is available on MALDEF’s website at <http://www.maldef.org> or by calling (213) 629-2512.
