

2008-2010 KingCo 2A/3A/4A League Alignment

Structure: The KingCo Conference starting next year (2008-09) and for the following year (2009-10) will work under the following alignment. The basic premise of the alignment is that Team Sports will be treated one way and Individual Sports another. The rationale is that competition in Individual Sports can better adhere to a smaller school playing a larger school than it would in Team Sports. Newport is a 4A school for this next two year cycle. Our enrollment count submitted to the state (WIAA) was 1394 (students grades 10-12) which makes us the 49th largest high school in Washington. The top 70 schools make up the 4A classification.
